Phone: 4087170562 E-Mail: sananta@ucdavis.edu LinkedIn: <https://www.linkedin.com/in/varshiniananta/>

Objective

Seeking an internship position to explore career options in the Software Engineering field. A hard-working and self-motivated undergraduate student in Computer Science, I have completed programming projects in my classes and am also qualified enough to teach programming languages to others.

Experience

TechKnowHow

Instructor

June 2017-Aug 2017

Taught children ranging from the ages of 8-15 how to code in Java, Python and how to use Lego Mindstorms along with EV3s to create functional robots.

Dèsignare

External Affairs Coordinator

October 2016-Present

Responsible for contacting and maintaining relationships with technology companies to request speakers for events and also taught at HTML and CSS workshops.

WICS

Officer

May 2017-Present

Responsible for recruiting members and organizing events at a fairly new club at UC Davis and also taught at some workshops to encourage women who are new to the Computer Science field.

Education

UC Davis

Undergraduate Student

September 2015-Present

Majoring in Computer Science at the Colleges of Letters and Sciences with an overall 3.2 GPA.

Monta Vista High School

Student

August 2011-June 2015

Graduated from an academically rigorous high school with an overall 3.7 GPA.

Skills

Along with my experience with different programming languages that are listed on my LinkedIn, I have also excelled in courses with emphasis on Programming and Problem Solving, Discrete Mathematics for CS, Software and Object-Oriented Programming and Machine Dependent Programming.
